ABOUT THIS PROJECT

Arosa

Mijas

Arosa is a new development in Cala de Mijas on the Costa del Sol. The complex comprises 54 apartments with 1, 2 or 3 bedrooms, spread over six blocks. The homes have an open layout of living room, kitchen and dining area, plenty of daylight, a south-facing orientation and sea views. There are ground-floor homes with a terrace and garden, and homes with a private solarium, including a type on the third floor with its own pool on the solarium. The master bedrooms have an en-suite bathroom. Communal facilities include outdoor pools, an indoor pool, an equipped gym, a sauna, chill-out areas and spacious communal gardens with automatic irrigation. The homes are fitted with underfloor heating, aerothermal hot water and climate control, double thermo-acoustic glazing and a fully fitted kitchen with induction hob, oven, microwave, fridge, dishwasher and washing machine.
