Cumbre del Sol

Villa Ona is a contemporary villa in Residencial Jazmines, designed for an international client looking for modern architecture, spacious living areas, privacy and a strong visual connection with the Mediterranean. The house stands out for its elegant and perfectly balanced architecture, characterised by long horizontal lines, pure volumes and rounded corners that soften the geometry of the design and give it a distinctive contemporary presence. The combination of natural stone, white surfaces and dark frames reinforces a refined, warm and timeless aesthetic.
